PENANNULAR BROOCHES

Tuition: \$30.00 | **Member Tuition:** \$27.00

Instructor: Elyse Bogart

Travel back to the days of simple tools, using hammer, anvil, and fire to bend, stamp, and hammer-texture a penannular brooch. Penannular, meaning a circle that is not complete, refers to a brooch circular in shape with an attached moveable pin. It is an ancient form of closures for capes, shawls, and blankets (think Vikings, or Game of Thrones). Sample the basic metalsmithing techniques you can learn in a full-length class at the Firehouse as you create an original work of functional art.

CLAY CANVAS

Tuition: \$30.00 | **Member Tuition:** \$27.00

Instructor: Olivia Egan

A canvas isn't made of clay, but clay can be a canvas! This workshop will focus on the concept of surface and play with the idea of using a three-dimensional medium as a canvas. Students will utilize various surface treatments to create a small plate or platter embellished with designs of their choosing. Get your hands dirty and learn some of the basic traditional ceramics techniques taught at the Firehouse.

REALISTIC TO ABSTRACT: ACRYLIC PAINTINGS

Tuition: \$30.00 | **Member Tuition:** \$27.00

Instructor: Pamela Bradford

Give yourself permission to create! Students will begin with original images and transform them from realistic to abstract. We will use shadow and light, color mixing, value, and texture to create loose, interpretive works on canvas board. Students will get to dip their toes in the materials and techniques taught in a full length painting course at the Firehouse while creating a unique piece of art. Please plan to bring several original color photos with personal meaning from which to work, as well as a smock to protect your clothing.

Sunday, May 5, 2019 | 2 - 4 PM

CHINESE BRUSHWORK PAINTING: PLUM BLOSSOMS

Tuition: \$30.00 | **Member Tuition:** \$27.00

Instructor: Beverly Herndon

Chinese brushwork painting is a fascinating art form that focuses on the beauty of nature and our relationship to the world around us. In this workshop, students will learn some of the history and symbolism of the ancient art form. Students will create a painting of one of the frequent and popular subjects, the plum blossom, using ink and watercolor on rice paper.

EXPRESS YOURSELF THROUGH CREATIVE PLAY

Tuition: \$30.00 | **Member Tuition:** \$27.00

Instructor: Ginna Dowling

Listen to your inner voice, think outside the box, and just have fun! Fear no art as you tear paper and form images and greeting cards that portray your unique, creative voice. This class will teach you how to overcome creative blocks, trust your instincts, and give yourself permission to play using mixed media techniques and processes that can be applied to your artistic practice. In this workshop, you will stimulate your spontaneity and creative growth while getting a taste of Dowling's "Feed Your Creativity" course.

ALUMINUM BRACELETS

Tuition: \$30.00 | **Member Tuition:** \$27.00

Instructor: Douglas Shaw Elder

Hammer, file, and form....create multiple hammered aluminum bracelets using beginning jewelry forming and texturing techniques. Beginning with raw aluminum wire, students will cut, file, and shape bracelets of their own design on anvils with a ball-peen hammer. This class is a taste of the Firehouse's new *Creativity and Cocktails* series, offering creative classes with a social twist for groups, organizations, and parties. Contact the FAC for information about booking your own private event.
